the N102 in Aubenas direction. Before entering Pont de Labeaume, take Montpezat-sous-Bauzon direction then the D 215 in Saint Pierre de Colombier direction.

Environmental sensitive areas

Along your trek, you will go through sensitive areas related to the presence of a specific species or environment. In these areas, an appropriate behaviour allows to contribute to their preservation. For detailed information, specific forms are accessible for each area.

Natura 2000 Secteurs des sucs Gerbier et Mézenc

Sensitivity period:

Natura 2000 est une politique Européenne dont l'objectif est de préserver la biodiversité à l'échelle de l'Europe. Avec ses presque 30 000 sites reconnus, il est aujourd'hui le plus grand réseau de sites naturels au monde. Le site que vous traversez à pour but de préserver les landes du Mézenc qui abritent une faune et une flore rare à l'échelle Européenne.

Merci de bien vouloir rester sur les sentiers aménagés afin de ne pas déranger la faune ni piétiner la flore.
