Cities : 1. ARCENS

1. Take the path going straight ahead towards "le Calvaire, 1.4 km, Arcens, 5.8 km". The path first goes down to a flat.
2. At the crossways, stay on the main path on the right. Go past the picnic table and begin the climb starting with a wide path.
3. Once on a flat, a small open-air altar reminds you of the religious role of this place which is still in use during the yearly procession. The path continues on the right. After the woods, it gets more winding and steeper on the side of the mountain.
4. After the last few stairs, you will reach the Chapel of Soutron, clinging to its rock. Do not hesitate to go inside, it is always open. You may go past the chapel to climb to the top of the rock and reach the cross, but it is strictly forbidden to continue on the ridge up to the second summit. Go down by the same way.

! **AdVICES**

Balade courte mais spectaculaire. A déconseiller absolument aux personnes souffrant de vertige.
